Couple of the Year

Heaven

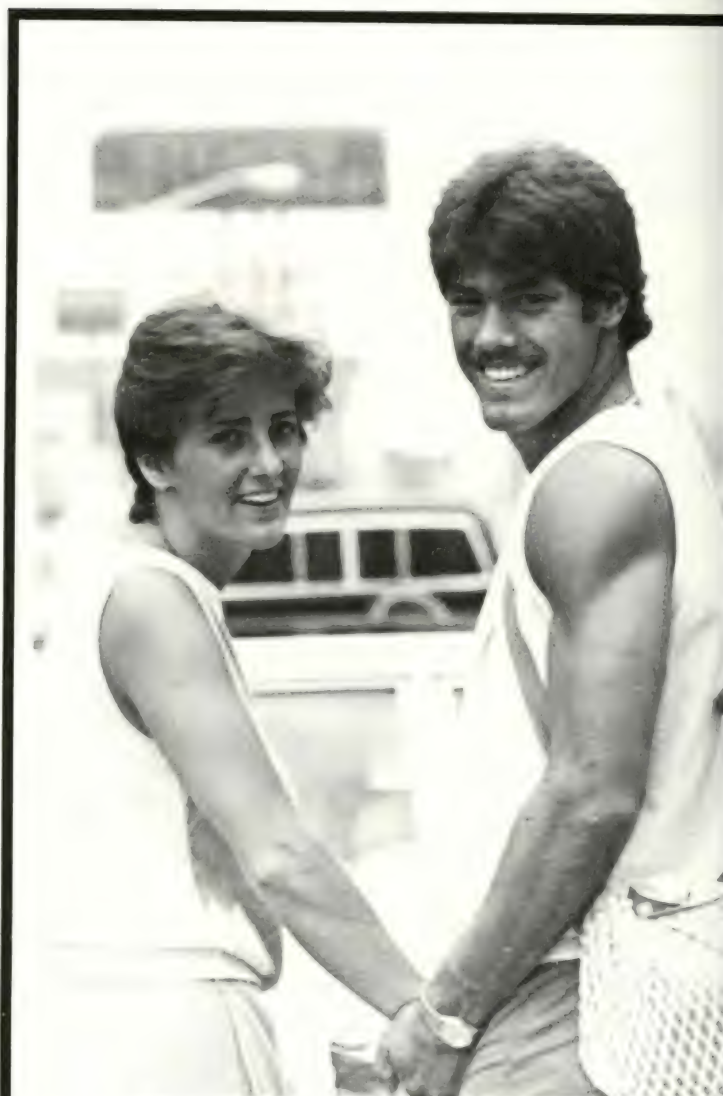

Oh, thinkin' about our younger years;
There was only you and me.
We were young and wild and free.
Now nothin' can take you away from me.
We've been down that road before,
But that's over now.
You keep me comin' back for more.

'Cause baby you're all that I want
When I'm lyin' here in your arms.
I'm findin' it hard to believe
We're in Heaven.
'Cause love is all that I need
And I found it there in your heart.
It isn't so hard to see
We're in Heaven.

Oh, once in your life you find someone
Who will turn your world around;
Bring you up when you're feelin' down.
Yeah, nothin' can change what you mean to me.
There's lots that I can say,
But just hold me now
'Cause our love will light the way.

I've been waitin' for so long
For somethin' to arrive.
Now my dreams are comin' true,
And I'm standin' there by you.

by Bryan Adams

Craig Thomas and Jennifer Tallent

Times at Hiwassee

spanning the globe, or at least most of the Southeastern United States, the campus of Hiwassee College weaves the styles of many individuals into a conglomerate often referred to as the "Hiwassee Spirit." Although this a collective feeling it is expressed in many and varied ways. It is often said experiencing two years at Hiwassee will give one the feel-

ing of acquiring a new family. The casual times spent on the campus are the times related with relish to grandchildren on snowy winter evenings. From the first graduating class to the Class of '85 each individual can say they have spent two of the best years of their lives here. The Hiwassee Spirit will live with us till death.

"Yea, I'm proud of them!"

Beautiful skies wish Hiwassee "Good night."

"Aren't you guys gonna protect me?"

HOMECOMING QUEEN AND COURT

Tracy Watson and escort Marvin Harrill

Inauguration

October 3, 1984 was a special day for Dr. Curtis Rabon Schofield as he was inaugurated as the 17th president of Hiwassee College.

At the newly erected B. D. Benton Bell Tower a crowd of teachers, students and well-wishers assembled for the event.

As the Hiwassee Choral sang, the teachers and faculty paraded on to the grounds of the quadrangle in their caps and gowns of various colors.

Bishop Eustler of the Holston Conference of the United Methodist Church spoke on church education after which Glen Rapking, Chairman of the Board of Governors, swore in Dr. Schofield. The Certificate of Investiture was then presented to Dr. Schofield by Penny Mathis.

In his address to the crowd President Schofield expressed his commitment to Hiwassee College: "We must continue the Hiwassee spirit."

"... To our new president, on behalf of the students, faculty and staff, pledge our loyalty and look forward to a future brightened by your wisdom..."

President Schofield addresses the crowd.

Honored guest, Bishop Eustler

Penny Mathis presents the Investiture Certificate.

Dr. Schofield is sworn in.

The 1984-85 year started off as usual, registration proved to be long but interesting. Although you may acquire many friends at Hiwassee, your closest one will always be your roommate. You will be invited to join many clubs. The drama club overwhelmed everyone with its version of The 3 Musketeers while the choir left everybody wanting more as they performed on and off campus. The year was filled with many exciting dances and ball games, the highpoint of which was the Homecoming game.

The Sophomores kept busy raising money to fund their trip to Daytona Beach Awards day is set aside to honor those students who proved to be outstanding in their class. These students should be commended for their hard work and dedication. Graduation is filled with tears and smiles as sophomores realize it is time to move on. Although they will be going in different directions, they will always have the Hiwassee spirit to keep them together.

A Closing Thought

Once upon a time the people in a certain country heard a mighty rumbling in a near-by mountain. Smoke was pouring from the summit, the earth began to tremble, and massive rocks broke loose and rolled down into the valley. The mountain seemed to be in labor, and all the people of the country rushed out to see what terrible thing was about to happen.

The people waited and watched, watched and waited, while the sky grew darker and the rumblings got louder. Finally, as everyone watched, there was one more earthquake more violent than all the others. A huge fissure suddenly appeared in the side of the mountain. Some people fell to their knees while others fainted. All the rest waited to see what would happen next.

The rumbling and thundering stopped and silence fell all across the land. Then, as all the people watched, out of the gap in the side of the mountain popped a tiny mouse.

Application: Magnificent promises sometimes end in paltry performances.

Such was the case with the 1985 yearbook, only some would even question whether even a "mouse" appeared. Again and again promises were made that work on the book was being done and would be completed. In the end, though, the 1985-86 yearbook staff was left with responsibility to try to complete the '85 yearbook as well as do a good job and stay on schedule with the 1986 edition.

This 1985 Hiwassee was produced with many mixed feelings on the part of the staff. Some who were on the original '84-'85 staff had to fight feelings of having been betrayed by the rest of the staff. They were not around to hear the question, "When are our yearbooks coming?", repeated again and again and again. Concerns were also raised that the '85 book not impair the production of a good 1986 edition.

As a personal note in closing, I feel I am speaking for the entire staff when I say that we have faced a tremendous task in producing this yearbook. The book falls far short of the standards we have set for the 1986 edition. It is hoped that the pictures, even though they would have been so much better with more captions and copy, will provide a book of memories for the class of 1985. To them we have dedicated our efforts.

Jeff Litton, Editor
1986 Hiwassee
